

LaJuana S. Wilcher
Secretary

AIR QUALITY PERMIT
Issued under 401 KAR 52:040
STATE ORIGIN

Ernie Fletcher
Governor

Commonwealth of Kentucky
Environmental and Public Protection Cabinet
Department for Environmental Protection
Division for Air Quality
803 Schenkel Lane
Frankfort, Kentucky 40601
(502) 573-3382

Permittee Name: Transit Mix Concrete Company
Mailing Address: 1621 Mosely Street, Owensboro, Kentucky 42303

is authorized to operate a ready mix concrete plant

Source Name: Transit Mix Concrete Company
Mailing Address: Same as above
Source Location: 1621 Mosely Street, Owensboro, Kentucky 42303

KYEIS ID #: 21-059-00021
Log Number: 55705
AI Number: 968
Activity Number: APE40020001
Permit Number: S-05-054

SIC Code: 3273
County: Daviess

Permit Type: Minor Source/Operating

Regional Office: Owensboro Regional Office
3032 Alvey Park Dr.
Suite 700
Owensboro, KY 42303-2191
(270)687-7204

Issuance Date: April 22, 2005
Expiration Date: April 22, 2015

John S. Lyons, Director
Division for Air Quality

State-Origin Construction/Operating

Transit Mix Concrete Co

AIO0968 (Source 1) General Conditions:

Submittal/Action Requirements:

Condition No.	Condition
S-1	<p>SEMIANNUAL REPORTS:</p> <p>The permittee shall submit report(s): Due semiannually, by the 30th of January and July to the Regional Office listed on the front of this permit at least every six (6) months during the life of this permit. This report shall be a summary of any monitoring required by this permit, other than continuous emission or opacity monitors. For emission units that had not yet begun construction, were still under construction, or which had not commenced operation at the end of the 6-month period covered by the report and are subject to monitoring requirements in this permit, the report shall indicate that no monitoring was performed during the previous six months because the emission unit was not in operation. All reports shall be certified by a responsible official. All deviations from permit requirements shall be clearly identified in the reports. [401 KAR 52:040 Section 21]</p>
S-2	<p>COMPLIANCE CERTIFICATION:</p> <p>The permittee shall certify compliance with the terms and conditions contained in this permit and shall submit compliance certification: Due annually, by the 30th of January to the Regional Office listed on the front of this permit. Compliance Certification Form (DEP 7007CC) (or an approved alternative) shall be used in accordance with the following requirements:</p> <ol style="list-style-type: none">Identification of the term or condition;Compliance status of each term or condition of the permit;Whether compliance was continuous or intermittent;The method used for determining the compliance status for the source, currently and over the reporting period, andFor emission units that had not yet begun construction, were still under construction, or which had not commenced operation at the end of the 12-month period covered by the annual compliance certification, the permittee shall indicate that the unit is not in operation and that compliance with any applicable requirements will be demonstrated within the timeframes specified in the permit.The certification shall be postmarked by January 30th of each year. Annual compliance certifications should be mailed to the Regional Office listed on the front of this permit and the following address: <p>Division for Air Quality Central Files 803 Schenkel Lane Frankfort, KY 40601. [401 KAR 52:040 Section 19]</p>

Submittal/Action Requirements:

Condition No.	Condition
S-3	<p>PERFORMANCE TEST NOTICE AND REPORT:</p> <p>Pursuant to Section VII 2.(1) of the policy manual of the Division for Air Quality as referenced by 401 KAR 50:016, Section 1.(1), at least one month prior to the date of any required performance test(s), the permittee shall complete and return a Compliance Test Protocol (Form DEP 6027) to the Division's Frankfort Central Office. Pursuant to 401 KAR 50:045, Section 5, the Division shall be notified of the actual test date at least ten (10) days prior to the test.</p> <p>For any performance test(s) required by this permit, the permittee shall submit performance/emission test results: Due within 45 days of the completion of the fieldwork to the Division. [Policy Manual of the Division for Air Quality, Section VII.3] [401 KAR 50:016 Section 1(1)]</p>
S-4	<p>PERMIT EXPIRATION AND REAPPLICATION REQUIREMENTS:</p> <p>This permit shall remain in effect for a fixed term of ten (10) years following the original date of issue. Permit expiration shall terminate the source's right to operate unless a timely and complete renewal application has been submitted to the Division. The permittee shall submit permit application for renewal: Due 180 calendar days before permit expiration date to the Division. Upon a timely and complete submittal, the authorization to operate within the terms and conditions of this permit, including any permit shield, shall remain in effect beyond the expiration date, until the renewal permit is issued or denied by the Division. [401 KAR 52:040 Section 15]</p>

T-1	<p>SECTION A. PERMIT AUTHORIZATION. [401 KAR 52:040]</p>

State-Origin Construction/Operating

Transit Mix Concrete Co
Facility Requirements

Activity ID No.: APE20040001

Page 3 of 13

Narrative Requirements:

Condition No.	Condition
T-2	<p>A1. Pursuant to a duly submitted application, the Kentucky Division for Air Quality hereby authorizes the operation of the equipment described herein in accordance with the terms and conditions of this permit. This permit has been issued under the provisions of Kentucky Revised Statutes Chapter 224 and regulations promulgated pursuant thereto.</p> <p>The permittee shall not construct, reconstruct, or modify an affected facility without first having submitted a complete application and received a permit for the planned activity from the Division, except as provided in this permit or in 401 KAR 52:040, State-origin permits.</p> <p>Issuance of this permit does not relieve the permittee from the responsibility of obtaining other permits, licenses, or approvals that may be required by the Cabinet or other federal, state, or local agencies. [401 KAR 52:040]</p>
T-3	<p>A2. The Division for Air Quality has determined that this facility's potential to emit any air pollutant is less than 100 tons per year. Therefore, although the permit is conditioned to allow emissions in excess of 100 tons per year pursuant to federally enforceable Regulation KAR 59:010, New process operations, emissions equal to or in excess of 100 tons per year of any pollutant are not possible. Accordingly, this permit is being issued as a minor source state-origin permit. [401 KAR 52:040]. [401 KAR 52:040]</p>
T-4	<p>SECTION B. ADMINISTRATIVE REQUIREMENTS. [401 KAR 52:040]</p>
T-5	<p>B1. The permittee shall comply with all conditions of this permit. Noncompliance shall be a violation of 401 KAR 52:040, Section 3(1)(b) and is grounds for enforcement action including but not limited to the termination, revocation and reissuance, or revision of this permit. [401 KAR 52:040 Section 3(1)(b)]</p>
T-6	<p>B2. Any condition or portion of this permit which becomes suspended or is ruled invalid as a result of any legal or other action shall not invalidate any other portion or condition of this permit. [Cabinet Provisions and Procedures for Issuing State Origin Permits, Section 1a (11)]. [401 KAR 52:040 Section 23]</p>
T-7	<p>B3. This permit may be revised, revoked, reopened, reissued, or terminated for cause. The filing of a request by the permittee for any permit revision, revocation, reissuance, or termination, or of a notification of a planned change or anticipated noncompliance shall not stay any permit condition. [Cabinet Provisions and Procedures for Issuing State Origin Permits, Section 1a (4) and (5)]. [401 KAR 52:040 Section 23]</p>
T-8	<p>B4. This permit does not convey property rights or exclusive privileges. [Cabinet Provisions and Procedures for Issuing State Origin Permits, Section 1a, 8]. [401 KAR 52:040 Section 23]</p>
T-9	<p>B5. Nothing in this permit shall alter or affect the liability of the permittee for any violation of applicable requirements prior to or at the time of permit issuance. [401 KAR 52:040 Section 11(3)]</p>

Narrative Requirements:

Condition No.	Condition
T-10	B6. This permit shall be subject to suspension at any time the permittee fails to pay all fees within 90 days after notification as specified in 401 KAR 50:038 Section 3(6)(b), Air emissions fee. The permittee shall submit an annual emissions certification. [401 KAR 52:040 Section 20]
T-11	B7. All previously issued construction and operating permits are hereby null and void. [401 KAR Chapter 52]
T-12	SECTION C. RECORD KEEPING REQUIREMENTS. [401 KAR 52:040]
T-13	C1. Records of all required monitoring data and support information, including calibrations, maintenance records, and original strip chart recordings, and copies of all reports required by the Division for Air Quality, shall be retained by the permittee for a period of at least five years and shall be made available for inspection upon request by any duly authorized representative of the Division for Air Quality. [Cabinet Provisions and Procedures for Issuing State Origin Permits, Sections 1b (IV)(2) and 1a (7)]. [401 KAR 52:040 Section 23]
T-14	C2. The permittee shall perform compliance certification and recordkeeping sufficient to assure compliance with the terms and conditions of the permit. Documents, including reports, shall be certified by a responsible official. [401 KAR 52:040 Section 21]
T-15	SECTION D. REPORTING REQUIREMENTS. [401 KAR 52:040]
T-16	D1. a. The permittee shall notify the Regional Office listed on the front of this permit concerning startups, shutdowns, or malfunctions as follows i. When emissions during any planned shutdowns and ensuing startups will exceed the standards, notification shall be made no later than three (3) days before the planned shutdown, or immediately following the decision to shut down, if the shutdown is due to events which could not have been foreseen three (3) days before the shutdown. ii. When emissions due to malfunctions, unplanned shutdowns and ensuing startups are or may be in excess of the standards notification shall be made as promptly as possible by telephone (or other electronic media) and shall submit written notice upon request. b. The permittee shall promptly report deviations from permit requirements including those attributed to upset conditions (other than emission exceedances covered by Reporting Requirement condition D1.a above), the probable cause of the deviation, and corrective or preventive measures taken; to the Regional Office listed on the front of this permit within 30 days. Other deviations from permit requirements shall be included in the semiannual report. [Cabinet Provisions and Procedures for Issuing State Origin Permits, Section 1b, V(3)]. [401 KAR 50:055 Section 1]
T-17	D2. The permittee shall furnish information requested by the Cabinet to determine if cause exists for modifying, revoking and reissuing, or terminating the permit; or compliance with the permit. [Cabinet Provisions and Procedures for Issuing State Origin Permits, Section 1a, 6]. [401 KAR 52:040 Section 23]
T-18	SECTION E. INSPECTIONS. [401 KAR 52:040]

State-Origin Construction/Operating

Transit Mix Concrete Co

Facility Requirements

Activity ID No.: APE20040001

Narrative Requirements:

Condition No.	Condition
T-19	<p>E1. The permittee shall allow authorized representatives of the Cabinet to perform the following during reasonable times:</p> <ul style="list-style-type: none">a. Enter upon the premises to inspect any facility, equipment (including air pollution control equipment), practice, or operation;b. To access and copy any records required by the permit;c. Inspect any facilities, equipment (including monitoring and pollution control equipment), practices, or operations required by the permit.d. Sample or monitor substances or parameters to assure compliance with the permit or any applicable requirements. <p>Reasonable times are defined as during all hours of operation, during normal office hours; or during an emergency. [401 KAR 52:040 Section 3(1)(f)]</p>
T-20	<p>SECTION F. EMERGENCIES/ENFORCEMENT PROVISIONS. [401 KAR 52:040]</p>
T-21	<p>F1. The permittee shall not use as defense in an enforcement action, the contention that it would have been necessary to halt or reduce the permitted activity in order to maintain compliance [Cabinet Provisions and Procedures for Issuing State Origin Permits, Section 1a, 3]. [401 KAR 52:040 Section 23]</p>
T-22	<p>F2. An emergency shall constitute an affirmative defense to an action brought for the noncompliance with the technology-based emission limitations if the permittee demonstrates through properly signed contemporaneous operating logs or relevant evidence that:</p> <ul style="list-style-type: none">a. An emergency occurred and the permittee can identify the cause of the emergency;b. The permitted facility was at the time being properly operated;c. During an emergency, the permittee took all reasonable steps to minimize levels of emissions that exceeded the emissions standards or other requirements in the permit; andd. The permittee notified the Division as promptly as possible and submitted written notice of the emergency to the Division within two working days after the time when emission limitations were exceeded due to the emergency and included a description of the emergency, steps taken to mitigate emissions, and corrective actions taken. <p>These provisions are in addition to any emergency or upset provision contained in an applicable requirement. [401 KAR 52:040 Section 22(1)]</p>
T-23	<p>F3. In an enforcement proceeding, the permittee seeking to establish the occurrence of an emergency shall have the burden of proof. [401 KAR 52:040 Section 22(2)]</p>
T-24	<p>SECTION G. COMPLIANCE. [401 KAR 52:040]</p>

Narrative Requirements:

Condition No.	Condition
T-25	<p>G1. Periodic testing or instrumental or non-instrumental monitoring, which may consist of record keeping, shall be performed to the extent necessary to yield reliable data for purposes of demonstration of continuing compliance with the conditions of this permit. For the purpose of demonstration of continuing compliance, the following guidelines shall be followed:</p> <ul style="list-style-type: none">a. Pursuant to 401 KAR 50:055, General compliance requirements, Section 2(5), all air pollution control equipment and all pollution control measures proposed by the application in response to which this permit is issued shall be in place, properly maintained, and in operation at any time an affected facility for which the equipment and measures are designed is operated, except as provided by 401 KAR 50:055, Section 1.b. All the air pollution control systems shall be maintained regularly in accordance with good engineering practices and the recommendations of the respective manufacturers. A log shall be kept of all routine and non routine maintenance performed on each control device.c. A log of the monthly raw material consumption and/or monthly production rates shall be kept available at the facility. Compliance with the emission limits may be demonstrated by computer program, spread sheets, calculations or performance tests as may be specified by the Division. [401 KAR 50:055 Section 2]
T-26	<p>G2. Permit Shield - A permit shield shall not protect the owner or operator from enforcement actions for violating an applicable requirement prior to or at the time of permit issuance. Compliance with the conditions of this permit shall be considered compliance with all:</p> <ul style="list-style-type: none">(a) Applicable requirements that are included and specifically identified in this permit; or(b) Non-applicable requirements expressly identified in this permit. GACTION (Group 1) NSPS Points: Cement Silo and Fly Ash Silo (Maximum Rated Production for each is 25 tons/hour), Cement Weight Hopper and Truck Loadout:

Limitation Requirements:

Condition No.	Parameter	Condition
L-1	PT (Particulate Matter)	Allowable stack emissions of particulate matter shall depend on processing rate and hours of operation. Each unit shall discharge to the atmosphere stack emissions of PT (Particulate Matter) ≤ 2.34 lbs/hr if the process weight rate is 1,000 lbs/hr or less. If the process weight rate is above 1,000 lbs/hr but no greater than 60,000 lbs/hr, the allowable can be determined (in lbs/hr) by calculating the process weight rate (in tons/hr) for the applicable period, raising the process weight rate value to the 0.62 power, and multiplying by 3.59 (Allowable = $3.59 \times \text{process weight rate}^{0.62}$). If the process weight rate is above 60,000 lbs/hr, the allowable can be determined (in lbs/hr) by calculating the process weight rate (in tons/hr) for the applicable period, raising the process weight rate value to the 0.16 power, and multiplying by 17.31 (Allowable = $17.31 \times \text{process weight rate}^{0.16}$). Additionally, this limit shall not be circumvented through methods and procedures contrary to 401 KAR 50:055. [401 KAR 59:010 Section 3(2), 401 KAR 50:055] This requirement is applicable during the following months: All Year. Statistical basis: Three-hour average.
L-2	Visible Emissions	Each unit shall have Visible Emissions < 20 % opacity. [401 KAR 59:010 Section 3(1)] This requirement is applicable during the following months: All Year. Statistical basis: Six-minute average.

Monitoring Requirements:

Condition No.	Parameter	Condition
M-1	Visible Emissions	All operations and control equipment contained in the described item or group shall be observed daily during daylight hours to determine whether conditions appear to be normal or abnormal. Normal or abnormal determinations for Visible Emissions monitored by visual inspection/determination daily shall be made. If the operations, controls and/or emissions appear to be abnormal, the permittee must then comply with the deviation reporting described in Section D of this permit. [401 KAR 52:040 Section 10] This requirement is applicable during the following months: All Year. Statistical basis: Instantaneous determination.
M-2	Compliance Demonstration	In addition to other monitoring described for the unit(s), continued Compliance Demonstration monitored by acceptable method(s) as needed shall be demonstrated through periodic testing, record keeping, etc. as described in Section C and D of this permit. [401 KAR 52:040 Section 10] This requirement is applicable during the following months: All Year. Statistical basis: Approved basis.

State-Origin Construction/Operating

Transit Mix Concrete Co

Facility Requirements

Activity ID No.: APE20040001

Page 8 of 13

Narrative Requirements:

Applicable Regulations:

Condition No.	Condition
T-1	Applicable Regulations: New process operations is applicable to each affected facility associated with a process operation commenced on or after July 2, 1975 and limits particulate emissions. [401 KAR 59:010 Section 1]

Compliance Demonstration:

Condition No.	Condition
T-2	<p>Compliance Demonstration: Applicable to 401 KAR 59:010 Mass Limitation. If requested by the Division, demonstration of compliance shall be through performance testing conducted according to Reference Method 5.</p> <p>Otherwise, compliance demonstration shall be through verification of normal operation and calculation of a maximum hourly emission rate using the maximum actual processing rate to date in the following formula.</p> $\text{Hourly Emission Rate} = \text{Processing Rate} \times \text{Emission Factor} \times (1 - \text{Control Efficiency})$ <p>Where:</p> <p>Processing Rate = Actual Raw Material Throughput During the Month / Actual Processing Hours During the Month,</p> <p>Emission Factor is determined from AP-42 or a Division approved alternative (alternative Emission Factors will require submittal to the Division's Central Office with documentation on how that Emission Factor is derived), and</p> <p>Control Efficiency is determined through testing or is established through approval from the Division.</p> <p>Assuming normal operation, if the hourly emission rate calculated using the maximum actual processing rate is no greater than the calculated allowable particulate matter stack emissions determined for the same processing rate then compliance is demonstrated for all processing rates up to the maximum rate realized to date. However, the compliance demonstration described here only applies when daily observations indicate that the processes and controls are operating normally. [401 KAR 52:040]</p>
T-3	<p>Compliance Demonstration: Applicable to 401 KAR 59:010 Opacity Limitation. Initial demonstration of compliance shall be through performance testing conducted according to Reference Method 9.</p> <p>Subsequent demonstration of compliance shall annually and upon request of the Division utilize Reference Method 9. Otherwise, compliance is assumed when daily observations indicate that the process and controls are operating normally. [401 KAR 52:040]</p>
